ADDRESSING TELEGRAMS TO THE FIELD

Foreign Service posts have official registered cable addresses and to avoid delay and insure delivery to the correct address such addresses should be used for telegrams. They are:

For embassies—Amembassy, and for both consulates general and consulates—Amconsul. The U.S. Mission at Berlin should be addressed USMISSION BERLIN. For example:

Amembassy PARIS
Amconsul HONG KONG
USMISSION BERLIN

ADDRESSING CORRESPONDENCE TO THE FIELD

It is most important that official correspondence be correctly addressed to the post and not to an individual. To avoid delay and insure prompt attention, it should be addressed, for example, to—

The American Embassy
Paris
The American Consulate
Medan

Preface

The *Foreign Service List*, compiled primarily for the Department of State, the Foreign Service, and other United States Government Agencies, provides information on assignments of Foreign Service and other U.S. personnel in the field of foreign affairs. This information has been useful also to American business firms, various groups and individuals, and foreign governments.

The *List* includes: chiefs of mission; Foreign Service officers; Foreign Service Reserve officers; Foreign Service Staff personnel; and consular agents. It also includes officers of the Agency for International Development, the Peace Corps and International Operations of ACTION, the United States Information Agency, the Foreign Agricultural Service of the United States Department of Agriculture, the Departments of Army, Navy, and Air Force, and United States Missions to International Organizations.

Information on the opening and closing of posts, posts changed in rank and status, and other pertinent data also appears in each issue.

The Publishing and Reproduction Services Division, Office of Operations, publishes the *List* three times a year, in October, February, and June. Information on content may be obtained by telephoning extension 22517, and distribution information by calling extension 22518.

Each issue of the *List* is based on information currently in the computer systems of the Department of State and the participating agencies. Requests for corrections should be addressed to the Publishing and Reproduction Services Division, Department of State.

ADDRESSING TELEGRAMS TO THE FIELD

Foreign Service posts have official registered cable addresses and to avoid delay and insure delivery to the correct address such addresses should be used for telegrams. They are:

For embassies—Amembassy, and for both consulates general and consulates—Amconsul. The U.S. Mission at Berlin should be addressed USMISSION BERLIN. For example:

Amembassy PARIS
Amconsul HONG KONG
USMISSION BERLIN

ADDRESSING CORRESPONDENCE TO THE FIELD

It is most important that official correspondence be correctly addressed to the post and not to an individual. To avoid delay and insure prompt attention, it should be addressed, for example, to—

The American Embassy
Paris
The American Consulate
Medan

Preface

The *Foreign Service List*, compiled primarily for the Department of State, the Foreign Service, and other United States Government Agencies, provides information on assignments of Foreign Service and other U.S. personnel in the field of foreign affairs. This information has been useful also to American business firms, various groups and individuals, and foreign governments.

The *List* includes: chiefs of mission; Foreign Service officers; Foreign Service Reserve officers; Foreign Service Staff personnel; and consular agents. It also includes officers of the Agency for International Development, the Peace Corps and International Operations of ACTION, the United States Information Agency, the Foreign Agricultural Service of the United States Department of Agriculture, the Departments of Army, Navy, and Air Force, and United States Missions to International Organizations.

Information on the opening and closing of posts, posts changed in rank and status, and other pertinent data also appears in each issue.

The Publishing and Reproduction Services Division, Office of Operations, publishes the *List* three times a year, in October, February, and June. Information on content may be obtained by telephoning extension 22517, and distribution information by calling extension 22518.

Each issue of the *List* is based on information currently in the computer systems of the Department of State and the participating agencies. Requests for corrections should be addressed to the Publishing and Reproduction Services Division, Department of State.

ADDRESSING TELEGRAMS TO THE FIELD

Foreign Service posts have official registered cable addresses and to avoid delay and insure delivery to the correct address such addresses should be used for telegrams. They are:

For embassies—Amembassy, and for both consulates general and consulates—Amconsul. The U.S. Mission at Berlin should be addressed USMISSION BERLIN. For example:

Amembassy PARIS
Amconsul HONG KONG
USMISSION BERLIN

ADDRESSING CORRESPONDENCE TO THE FIELD

It is most important that official correspondence be correctly addressed to the post and not to an individual. To avoid delay and insure prompt attention, it should be addressed, for example, to—

The American Embassy
Paris
The American Consulate
Medan

Preface

The *Foreign Service List*, compiled primarily for the Department of State, the Foreign Service, and other United States Government Agencies, provides information on assignments of Foreign Service and other U.S. personnel in the field of foreign affairs. This information has been useful also to American business firms, various groups and individuals, and foreign governments.

The *List* includes: chiefs of mission; Foreign Service officers; Foreign Service Reserve officers; Foreign Service Staff personnel; and consular agents. It also includes officers of the Agency for International Development, the Peace Corps and International Operations of ACTION, the United States Information Agency, the Foreign Agricultural Service of the United States Department of Agriculture, the Departments of Army, Navy, and Air Force, and United States Missions to International Organizations.

Information on the opening and closing of posts, posts changed in rank and status, and other pertinent data also appears in each issue.

The Publishing and Reproduction Services Division, Office of Operations, publishes the *List* three times a year, in October, February, and June. Information on content may be obtained by telephoning extension 22517, and distribution information by calling extension 22518.

Each issue of the *List* is based on information currently in the computer systems of the Department of State and the participating agencies. Requests for corrections should be addressed to the Publishing and Reproduction Services Division, Department of State.

NOTE: This issue of the Foreign Service List replaces the October 1974 edition. The next issue will be published as scheduled. Information on Department of State personnel is current through November 30, 1974, and other personnel only through October 1, 1974.
